## CHAMPPS AMERICANA

Eden Prairie, Minnesota  
National Locations

We believe that the best buildings must be designed with a constant awareness of the need for easy use, uncompromising engineering, with high quality design elements. The facilities are designed from 7,500 to 12,000 square feet to set the stage for multiple dining venues for families, clubs, businesses and singles. Leasehold and remodeled spaces require some creative ideas to obtain a consistent image and appearance.
