## PASTA POMODORO

(30) locations  
Arizona & California

A pleasant dining experience is expected at each and every Pasta Pomodoro, even before you enter through the front doors. The casual outdoor patio dining is a mainstay off of the main dining room, offering comfort for business, social or family dining.

An open kitchen design and bar seating allows for each guest to experience the preparation of traditional Italian Cuisine the way it has always been done – fresh, simple, and healthy.

Hospitality and choices are abundant with each visit as well. In addition to the bar seating, comfort is sought by standard table or booth seating, and can even accommodate a large family or other gatherings at their spotlight “family table.” You will feel as if you are part of contemporary Italy.
